SAFARIS 4X4 CAMARGUE

CAMARGUE AUTREMENT

DESCRIPTION

Camargue Autrement is created by a passionate team who offers you the chance to discover the landscapes and secrets of the Camargue area, off the beaten paths through a wild and magnificent earth : wetlands, reedbeds, rice fields, pink flamingos, bulls, horses, bulls herds and by the end, you will know the Camargue inside out !

Thanks to our 4X4 vehicles, we offer you the chance to sink into the wilderness of the Camargue.

Our guides, country men and women, will get you through the paths and share with you their passion for the protected area through a friendly, cultural, historical and naturalistic approach.

At the apéritif time, a wine tasting with local products (bull saucisson, Focaccia from Aigues-Mortes) is planned in a 200 years Domaine.
